WELCOME, ARDEN!

Meet the BFACC's summer Events and Communications Intern, Arden DuVal!

"My family has been coming to Bethany Beach since I was a little girl, and we finally bought a house in South Bethany in 2018 and have been spending summers here ever since. I am a Senior Hospitality Management Major at the University of South Carolina. I chose to intern at The Chamber because of the range of events and experiences they offer. I am so excited to join the team this summer!"

VERIZON ANNOUNCES A \$5B COMMITMENT TO CONTINUE INVESTING IN AMERICA AND SUPPORTING SMALL BUSINESSES

Verizon today announced a commitment to invest \$5 billion over the next five years in US small business suppliers with the launch of its new Small Business Supplier Accelerator. The program helps create a pipeline for American small businesses, many of which are owned by veterans, to work with Verizon and other large corporations. This program is designed to strengthen small businesses — the backbone of the US economy — and to help the country create a more resilient supply chain.

Verizon is further fueling small businesses through its Small Business Digital Ready program, a free online program offering small businesses nationwide the opportunity to access over 50 expert on-demand courses curated by and for small businesses; 1:1 expert coaching, online and in-person networking opportunities and access to capital.

In partnership with LISC, Verizon Small Business Digital Ready today announces another Small Business Digital Ready grant opportunity where eligible small businesses who are Digital Ready members (and complete two resources) can apply for \$10,000 grants (open until **June 30, 2025**, at 11:59 pm PT). Since 2021, Verizon has awarded \$13.5 million in grants to support small businesses.
