DELAWARE ELEVATOR RESIDENTIAL

Luxury, Accessibility & Peace of Mind

Delaware Elevator, Inc. is a family-owned, full-service elevator company established in 1946, with roots dating back to the early 1930s. Headquartered in Salisbury, Maryland, we operate branch offices across the United States and maintain sales representation throughout Maryland, Delaware, Virginia, Washington D.C., Pennsylvania, North Carolina, South Carolina, New York, and Florida. Our nationwide presence allows us to effectively serve both national and international clients while maintaining the personalized approach of a family business.

For more than 75 years, Delaware Elevator has been a trusted name in vertical transportation, proudly serving the residential, commercial, marine, industrial, and specialty lift markets. Our capabilities are supported by our in-house manufacturing affiliates, DEM Elevating Equipment and IDEC Elevator Products, along with our experienced service and maintenance division.

While our company is large enough to handle complex projects of every scale, we take particular pride in helping homeowners, builders, architects, and designers create safe, functional, and beautifully integrated residential elevator solutions. From custom luxury homes and waterfront properties to aging-in-place applications and multi-story renovations, our team works closely with clients to deliver elevators that enhance accessibility, convenience, and long-term value.

At Delaware Elevator, we understand that every home and every project is unique. That is why we focus on responsive service, quality craftsmanship, and personalized support from design through installation and beyond. Our continued success is built on the dedication of our skilled employees and our commitment to safety, reliability, and customer satisfaction.

We welcome the opportunity to partner with you on your next residential elevator project.

ACCESSIBILITY: STAIR CHAIRS

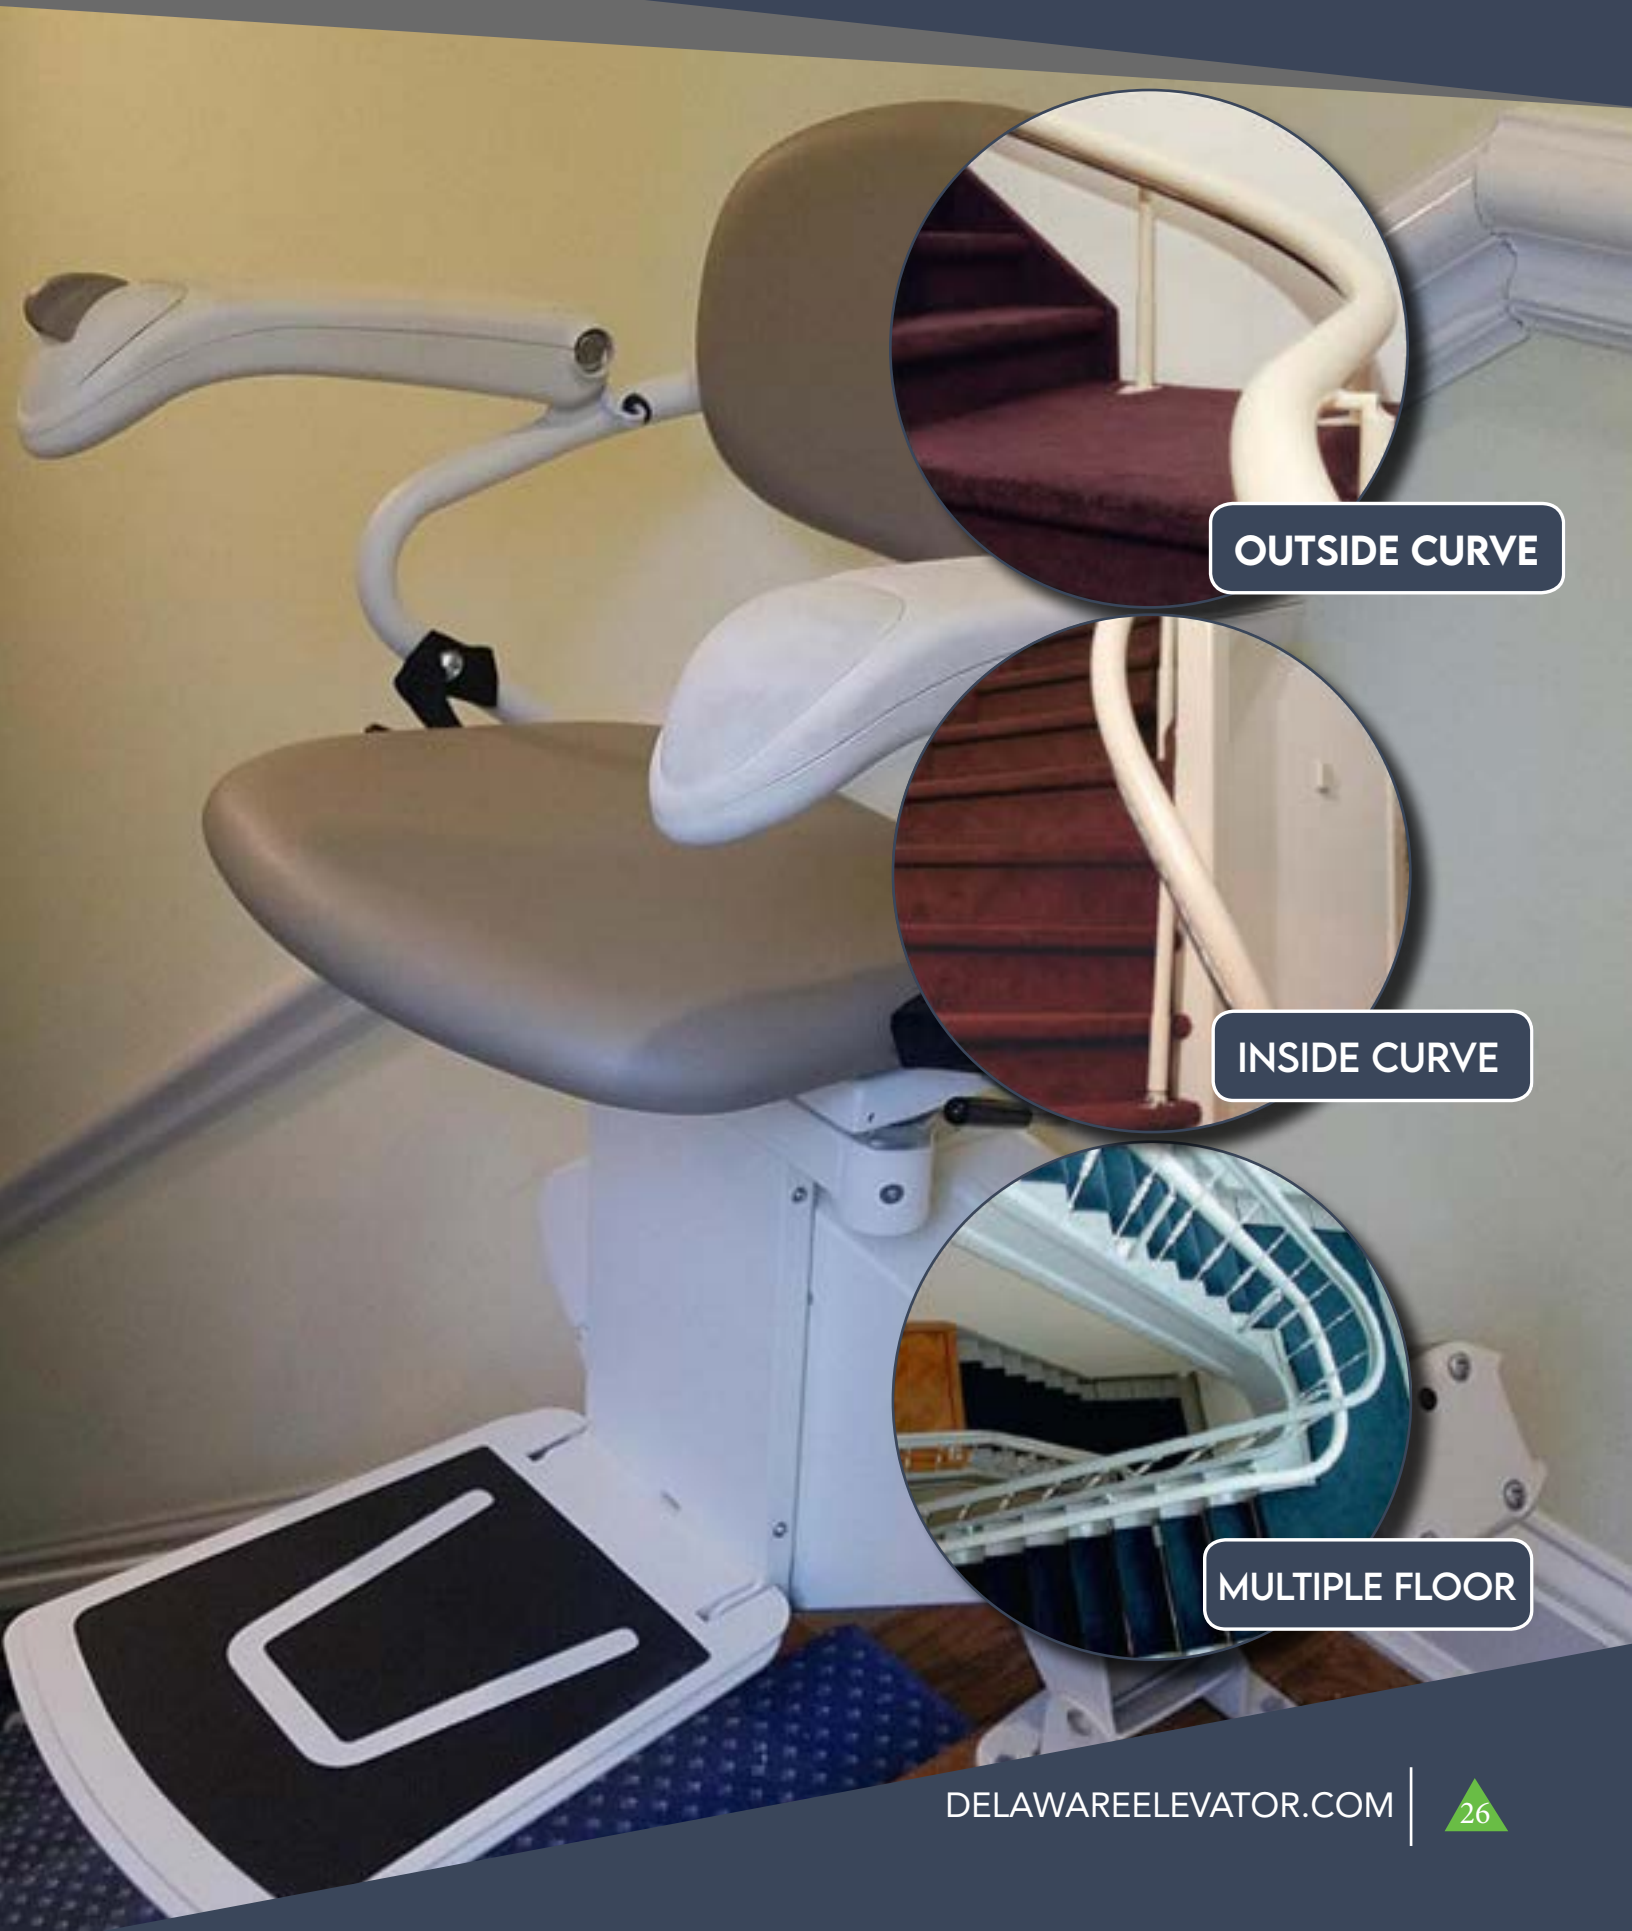

Stair Chairs: Accessibility Without Compromise

Maintain access to every level of your home with a stair chair designed for comfort, safety, and ease of use. Delaware Elevator offers premium stair chair solutions that blend seamlessly into your home while providing dependable mobility assistance. From straight staircases to complex curved applications, our experienced team delivers customized solutions backed by decades of trusted service.

Key Benefits

- Safe and dependable transportation between floors
- Solutions for straight and curved staircases
- Compact designs that preserve stairway access
- Easy-to-use controls and advanced safety features
- Professional installation and local service support
- A cost-effective alternative to major home renovations

WHEELCHAIR LIFTS & PLATFORM LIFTS

Wheelchair & Platform Lifts

Safe, Reliable Accessibility Solutions

Delaware Elevator offers wheelchair and platform lifts designed to provide safe, convenient access in both residential and commercial settings. Available for indoor and outdoor applications, these lifts help overcome accessibility barriers while promoting independence and mobility.

Vertical Platform Lifts

Vertical platform lifts provide a safe and efficient alternative to ramps or elevators, transporting wheelchair users between levels with minimal space requirements. Ideal for homes, businesses, schools, and public facilities.

Inclined Platform Lifts

Inclined platform lifts travel alongside an existing staircase, allowing wheelchair users to remain in their mobility device while moving safely between levels. They are an excellent solution when ramps, elevators, or vertical lifts are not practical.

Key Benefits

- Indoor and outdoor applications
- Residential and commercial solutions
- Safe, smooth, and reliable operation
- ADA-compliant options available
- Professional installation and local service support

WHEELCHAIR LIFTS & PLATFORM LIFTS

UTILITY LIFTS: DUMBWAITERS

Convenience. Efficiency. Accessibility.

Delaware Elevator offers dumbwaiter systems for both residential and commercial applications. Designed to safely transport groceries, laundry, luggage, food, supplies, and other materials between floors, dumbwaiters improve efficiency while reducing the need to carry heavy or bulky items on stairs.

In residential settings, dumbwaiters add convenience and comfort to multi-level homes. In commercial environments such as restaurants, hotels, offices, healthcare facilities, and retail spaces, they help streamline operations and improve workflow.

Key Benefits

- Ideal for homes, restaurants, hotels, and commercial facilities
- Transports food, supplies, laundry, groceries, and more
- Reduces lifting, carrying, and stair traffic
- Smooth, quiet, and reliable operation
- Customizable sizes and configurations
- Professionally installed and serviced by Delaware Elevator

Whether enhancing everyday convenience at home or improving operational efficiency in a commercial setting, a dumbwaiter is a practical solution for moving materials safely between floors.

UTILITY: SPECIALTY MATERIAL LIFTS

Heavy-Duty Lifting Solutions

Delaware Elevator offers utility and specialty lifts designed to safely transport materials, equipment, and other heavy loads between levels. Ideal for commercial and industrial applications, these lifts improve efficiency, enhance safety, and can be customized to meet a wide range of operational needs.

We also offer specialty residential lifting solutions, including vehicle lifts for homes requiring convenient access to elevated garages, storage areas, or unique property layouts.

Key Benefits

- Heavy-duty commercial and industrial applications
- Customizable sizes and load capacities
- Safe and reliable material handling
- Improves efficiency and workflow
- Residential vehicle lift solutions available

From materials and equipment to vehicles, Delaware Elevator can provide a lift solution tailored to your needs.

OUR SERVICE

24/7 MAINTENANCE

At Delaware Elevator, we are committed to delivering safe, responsive, and reliable service backed by exceptional customer care. Our team is available 24 hours a day, 7 days a week to respond when you need us most, providing peace of mind and dependable support around the clock.

With decades of industry experience and expertise across a wide range of equipment manufacturers, our highly trained technicians provide the knowledge, professionalism, and service necessary to keep your vertical transportation systems operating safely and efficiently. Whether it's routine maintenance, modernization, repairs, or emergency service, Delaware Elevator is always available and ready to help.

OUR PHILOSOPHY

OUR TEAM

At Delaware Elevator, we take a personalized approach to every project because we understand that no two vertical transportation challenges are alike. Our team is committed to delivering solutions tailored to the unique needs of each client, home, and project.

Backed by over 80 years of experience, our highly trained technicians and business professionals bring expertise to every stage of the process — from

design and engineering to manufacturing, installation, and ongoing service. Whether working with homeowners, builders, or architects, we are dedicated to providing quality craftsmanship, responsive support, and dependable solutions built to last.

We welcome the opportunity to help bring comfort, accessibility, and innovation to your next vertical transportation project.

COMMUNITY

THANK YOU!

Our customers give Delaware Elevator the opportunity to give back! We are forever grateful.

PARTNERS

At Delaware Elevator we have built lasting relationships with exceptional partners.
