

14TH ANNUAL

TSF DINNER

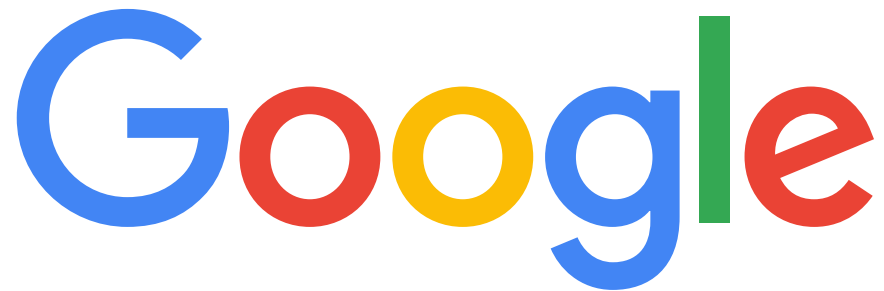

Wednesday, November 19, 2025
National Building Museum Washington, D.C.

CELEBRATING THE 40TH ANNIVERSARY OF OSAC AND THE 20TH ANNIVERSARY OF DSAC

An evening dedicated to celebrating public private partnerships and the visionary work of OSAC and DSAC in furthering the global security network to keep U.S. companies, organizations and citizens working worldwide safer and more secure.

Target proudly
supports **The
Security
Foundation**
and congratulates
OSAC and **DSAC**
on their milestone
anniversaries.

© Target Brands, Inc.

WELCOME

Tonight, we come together to celebrate two remarkable milestones – 40 years of OSAC and 20 years of DSAC. These anniversaries stand as enduring testaments to the power of collaboration, trust, and shared purpose between government and the private sector. Together, we have built a legacy that continues to strengthen the security of Americans and U.S. interests around the world.

The Security Foundation is honored to support this enduring partnership. Through your continued generosity, the OSAC and DSAC programs thrive – fostering vital information sharing, trusted networks, and critical resources that empower our community to meet the evolving challenges of global security.

As we honor the past and celebrate the present, we also look to the future – with optimism and commitment – to continue advancing innovation, cooperation, and resilience across the security landscape.

Thank you for joining us for this special evening of celebration.

Warm regards,

Dave Komendat
TSF President

Peggy O'Neill
TSF Executive Director

DINNER PROGRAM

WELCOME

Dave Komendat, The Security Foundation President

NATIONAL ANTHEM

DESSERT RECEPTION TO FOLLOW

General Stan McChrystal

14th Annual TSF Dinner
Keynote Speaker

Co-Founder of McChrystal Group

Former Commander of U.S. and International Forces in Afghanistan

Former Leader of Joint Special Operations Command (JSOC)

Author of My Share of the Task: A Memoir, Team of Teams: New Rules of Engagement for a Complex World, Leaders: Myth and Reality, Risk: A User's Guide, and Character: Choices that Define a Life.

A one-of-a-kind leader with a new perspective on collaboration and teamwork, General Stan McChrystal is known for helping organizations tap into the potential of their people to better compete in a complex and interconnected world. Following thirty-four years of service in the U.S. Army – including as commander of U.S. and International Security Assistance Forces (ISAF) Afghanistan and commander of the nation's premier counter-terrorism force – General McChrystal delivers his unique blend of on-the-ground experience with decades of leadership to provide practical insight and wisdom to help organizations transform and succeed in challenging, dynamic environments.

General McChrystal now leads the McChrystal Group as its founder and CEO, which helps organizations of all types transform how their people, processes, and technology work together to unlock greater speed and adaptability. As the author of several best-selling books, General McChrystal's latest examines the character of leaders and what makes someone who they are and, importantly, how they will be remembered.

SECURITY COALITION FOR ENGAGEMENT & ADVANCEMENT

On **May 1, 2025**, security leaders from across industries gathered for the **Third Annual SCEA Summit**, marking a pivotal moment in redefining how the profession attracts, develops, and advances talent. The Summit revitalized SCEA's mission to **unify and strengthen the security workforce** through awareness, mentorship, and measurable progress.

SCEA's mission is clear: to **accelerate the security industry** by increasing access to opportunities and mentoring promising talent into leadership roles. Its vision, to cultivate a progressive security workforce at all levels, drives collaboration to make security a profession that welcomes and empowers all.

The Summit focused on mapping the **career journey** of security professionals, identifying where SCEA can make the greatest impact. Participants prioritized four key audiences:

- **Higher education students exploring security careers**
- **Early-career professionals entering the field**
- **Mid-career professionals seeking growth**
- **Transitioning public sector - MIL/LEA leaders**

To bring this vision to life, SCEA established **five action committees**. Four focused on these audiences and a fifth, **Marketing & Data**, to unify branding, measure outcomes, and guide digital engagement. The new **Executive Committee**, jointly led by TSF and committee chairs, now steers cross-sector coordination and accountability.

Committee plans include creating **career toolkits**, expanding **mentorship networks**, hosting **career and education events**, and developing **data-driven metrics** to track success. These initiatives ensure SCEA delivers tangible support across every stage of the security career path.

As SCEA moves forward, its goals remain bold yet attainable:

- Build a **dynamic and representative workforce**.
- Foster **innovation and collaboration** to advance the profession.
- Deliver **measurable, lasting impact** through unified industry action.

The 2025 Summit did more than set direction; it reignited momentum. Together, SCEA and its partners are building a stronger, more inclusive, and future-ready security profession.

For more information visit the SCEA page **HERE** » securityfdn.org/scea/

TSF IMPACT

TSF IMPACT in 2025, TSF's Board of Directors continued a vigorous strategic planning process to set the course for TSF's future.

At the intersection of the public and private sector, The Security Foundation is enabling a safer, more secure, more connected world for U.S. citizens and interests – now and into the future.

“TSF is a leader in convening and supporting the desire and need for enhanced public – private sector collaboration, which strengthens the dialogue so important to all of us and to the security of our nation.”

- Dave Komendat, TSF President

One Integrated Physical Security Platform

Imagine all your building and security products on a single cloud-managed platform, accessible from anywhere on any device.

Simple to Install

Set up a Verkada device in minutes and empower teams with an intuitive user interface, easily accessible from a mobile app and web browser.

Simple to Secure

From two-factor authentication to automatic software patches, Verkada's system architecture is designed to reduce inherent vulnerabilities, keep data safe and evolve with threats.

Scales with Ease

Centralize all devices on one easy-to-use interface. Easily provision users across multiple locations, while eliminating complexity with Command.

Continuously Getting Smarter

Leverage powerful, edge-based analytics to deliver enterprise security with a software-first mentality. Unlike on-prem solutions that quickly become outdated, Verkada products are always improving.

Simplify security at scale.  Verkada

In Celebration of Judge William H. Webster

The Security Foundation celebrates the life and legacy of Judge William H. Webster, whose extraordinary career and unwavering integrity continue to inspire us all.

A trusted leader, mentor, and friend to our community, Judge Webster embodied the values of service, courage, and collaboration. His steadfast belief in the power of public-private partnership strengthened the foundation of our shared mission and elevated the standards of security and justice worldwide.

We are profoundly grateful for his guidance, his friendship, and his enduring example of what it means to serve with honor. His legacy will remain a guiding light for generations to come.

Thank You, Vendors!
