OC Chamber Legislative Update

The Greater Ocean City Chamber of Commerce maintains an Actively Monitored Legislation list that impacts our region and member businesses. Additionally, the Government Relations Committee participates in weekly Zoom sessions with our lobbyist, Dennis Rasmussen, to stay abreast of any changes or action that needs to be taken. We also work closely with our elected officials and strengthen relationships with other statewide legislators that have similar priorities in their districts.

Mark Your Calendar for Tuesday, April 19 @ 6pm: Attend the Public Hearing on Proposal to Purchase Property for Sports Complex

Worcester County Commissioners will host a public hearing on a proposal to purchase 95.521 acres of property in the Berlin/West Ocean City area and identified on Tax Map 25 as Parcel 89 to develop a sports complex, using a portion of the proceeds from general obligation bond funds of \$11,198,830 in FY23 to fund acquisition, design, and development costs. The public hearing will take place in the Stephen Decatur High School auditorium in Berlin on Tuesday, April 19, 2022, at 6 p.m.

The main purpose for the sports complex, which is included in the FY23-FY27 Capital Improvement Plan (CIP), is to provide county residents and guests with more recreational programming and event opportunities by providing additional field space. Conceptual plans for this project include multi-purpose fields, with restrooms, parking, and concessions for recreation and travel sports. Additional park amenities would include walking trails, ponds, and a playground.

The Greater Ocean City Chamber of Commerce supports the building of a sports complex and views it as a benefit to our members. We encourage all members to attend this public hearing.

[Take the Worcester County Economic Development Business Analysis Survey](#)

Maryland's Coast Department of Economic Development continues to look for ways to support the business community now and prioritize future needs, which is why your input on this survey is critical. They are gathering data to determine how they can serve you better as they begin to develop programs, edit policies and procedures and guide staff as they move forward. Your responses will help inform future decisions and are greatly appreciated.
