We had three major budgets we dealt with. Municipal operating budget, fiscal year 24-25 that we originally amended. Municipal operating budget fiscal year 25-26 and of course the American rescue plan. We had five ordinances and three resolutions. The business grant program, the MLGIP and the last Town Manager/ Circuit Rider program. We hired three new employees last year in 2025. Mr. Tim Bierman-Code Enforcement, Henry Eure – Planning & Zoning. Update on our permit and license fees to bring the town of Princess Anne more in line with our surrounding towns in the area including both commercial and residential fees which brought obviously more income. We updated all the town forms including permit applications, employment applications, employee review forms. The rental program has been reorganized and revamped. We invested to the MLGIP the interest income, producing additional revenue which is very important. Updated the critical area tax amendments as required by the state of Maryland. We upgraded the Conference room. The auditor requested an extension of the audit through April 30th and that was approved. Once the audit is completed then we can move forward with the minority/business grants. The auditor also reconciled all banks and email accounts

through October and has reported regularly we've been working close on daily to make sure we could stay in that time frame, stay on time and get this audit complete. Update on special election district two. Three applicants have been received. The applicant deadline was today at 4:30. Wendy's hoping to have a soft opening within the week.
