

What the Judges will look for

TRADITIONAL CONSTRUCTION MATERIALS

Only wood, canvas or cork may be used.

CORRECT FLOATING APPEARANCE ON THE WATER

Decoys must self-right when turned over.

ACCURACY

Resemblance in form and color to the designated species at a distance on the water.

SUITABILITY FOR HUNTING USE

Sturdy construction and simplicity of repainting.

LEVEL OF CRAFTSMANSHIP

Overall quality and expression of the decoy.
How it represents the essence of the species.
